

## THESES STATEMENTS...

- **Why did you select this topic?**
- **What will you teach others.**
- **What are your opinions about this topic?**
- **What are you trying to prove?**

### **JAMAICA - Kevaughn 3G**

I chose this topic because I came from Jamaica and I love Jamaica. Some people do not like the temperature in Jamaica because it is very, very hot. I will teach others that even though the temperature is hot, Jamaica is a very nice place. I am trying to prove that Jamaica is a nice place to live, have fun, play, and visit for a vacation.

### **DOMINICAN REPUBLIC ~ Argedis 3G**

I selected this topic because it is about my country, the Dominican Republic. I like my country because it's never cold and it's never winter so it never snows but it does rain. I will teach others about why I like my country and why it's special to me. My opinion is that the Dominican is a wonderful place and I could stay there forever. I could chill out there for my whole life. I am trying to prove that if you visit, it will be really fun and it's the best place.

### **WEST VIRGINIA ~ Samantha 3G**

I chose West Virginia because a lot of my family lived or lives in West Virginia. I will teach others facts such as the state symbols of West Virginia. My opinion is that West Virginia is exciting for someone from another state. It has a lot of barns and farms. If you are not used to that, it may seem weird. I want to prove that West Virginia is a very nice place.

### **Dogs ~ Jaylen 3G**

I selected dogs because you can do lots of cool things with them. I will teach others that dogs don't always have to be mean. My opinions about dogs are that they are a nice pet to have because you can walk it while you are running or while you are going for a walk. I am trying to prove to people that dogs can be a helpful pet because they can go get the newspaper in the morning and they can keep you safe from people you don't know.

### **Dogs ~ Kale'a 3G**

I chose this topic because dogs make people happy and they make good pets. I would like to teach others about dogs because some people might not know about dogs. My opinions about this topic are that dogs are not scary. They are cute and cuddly. I am trying to prove that dogs don't hurt you and dogs make you happy.

### **Kittens ~ Tamaya 3G**

I chose kittens because I like to learn more about them and what they do. I will teach others how to take care of the kittens very well. My opinion is that I will like to support them because people usually like dogs as their buddies. I'm trying to prove that a kitten can be your buddy.

### **TIGERS ~ Alana 3G**

I picked tigers because they are the one of the two fastest animals on earth. I will teach others how fast they can run. I will also teach people what they eat. In my opinion I am trying to say that tigers are part of the cat and lion family. I am trying to prove that the tigers are the one of the two fastest animals.

### **DINOSAURS ~ Cristian 3G**

I selected this topic because Dinosaurs it's interesting to learn about how they died. I will teach others how the Dinosaurs died. My opinion is that they died because of a volcano or because they had no more food. I'm trying to prove to people that Dinosaurs once lived in the world and that some Dinosaurs, like the T-Rex, had short arms.

### **WHALES ~ Heber 3G**

I chose this topic because whales are the biggest mammals that ever lived. I will teach others, for example, people are mammals like whales. Whales have lungs not gills like fish. Whales
